

Handgun Roster Board
Handgun Roster Board Minutes
June 9, 2021

The meeting was held virtually via Google Meet and convened at 11:07 AM.
Those in attendance were:

Scott Keyser (Major MSP)	My Harrison
James Hock (Chief of Staff MSP)	Donald Pickle (F/Sgt. MSP)
Ira Click (Col USA Ret.)	Jonathon Maurath
Carl Roy	Russell Shea
Jennifer Gill	Mark Bowen (OLC)
Michael Spaulding	J. Charles Smith
Mark Urbanik	Robert Bajefsky
Susan Kim	William Benson
Rachel Rosenberg	Alicia Quinn

Minutes

The minutes from the March 10, 2021 meeting were approved unanimously.

Announcements

Any firearm approved at this meeting will be published in the Maryland Register on July 2, 2021 and, barring no objections, will be included on the Maryland State Police website on August 1, 2021 as a handgun, model and caliber legal for sale in the State of Maryland.

Additional Discussions

Smart Gun Report

The Board considered and unanimously passed their annual report on the status of personalized handgun technology. This requirement was part of the Responsible Gun Safety Act of 2000, and subsequently incorporated into Public Safety Article, §5-132(d).

New Board Members

Present at the meeting was Mr. J. Charles Smith, the newly appointed Representative of the Maryland State's Attorney Association, appointed to fill the vacancy created by Mr. Michael O. Twigg, Esq; Mr. Robert Bajefsky, the newly appointed Representative of Maryland Advocates Against Handgun Violence, appointed to fill the vacancy created by Mr. Nicholas Wilson; and Ms. My Harrison, the newly appointed Citizen member, appointed to fill the vacancy created by Mr. Charles Robinson. All were introduced to their fellow board members, and having been previously briefed on the Board's procedures and agenda, participated in the days voting.

Model Number Elimination

Due to ongoing complications stemming from the inclusion of “model numbers” on the handgun roster, the HRB was informed of the administrative change as there is no legal requirement to include them and of the historical issues that have arisen due to the use of model numbers. The HRB will no longer consider model numbers effective July 1st, 2021. The "Model Numbers" category on the Maryland Handgun Roster will be renamed to "Model Description," which will remain for historical purposes and as an optional entry on the 77R application. N/A will be added as an additional option to all entries under "Model Description" for convenience. HRB Petitions for model number additions will no longer be accepted. Only petitions for caliber additions and model additions will be submitted for consideration. Model additions, to include new models and mechanical modifications, such as but not limited to frame size, slide length, and internal mechanical component changes to approved models. For the day’s voting, the HRB only voted on new models, model additions, and caliber additions. There were no objections from the HRB regarding model number elimination.

Integrated Mechanical Safety Devices

The Board voted unanimously to approve the 33 safety devices from REGAL INDUSTRIAL SALES, INC. / FSDC for addition to their Approved Integrated Mechanical Safety Devices list. The Maryland Handgun Roster Board approves integrated mechanical safety devices for either factory, distributor, importer aftermarket installation, or by licensed firearms retailers. Installation of any of these listed devices in an approved handgun when sold satisfies Maryland law.

Agenda

Tabled Petitions Reviewed June 9, 2021

<u>Docket No.</u>	<u>Make</u>	<u>Model</u>	<u>Model No.</u>	<u>Caliber</u>	<u>Date Received</u>
21102	Kauger Arms	Black Widow	634730767 614	6.5 Creedmoor	03/18/2021
<p>The Board examined a sample and received an oral and written report from MSP Firearms/Toolmarks Examiner. Consideration of the firearm was based on the criteria established in Statute; concealability, ballistic accuracy, weight, quality of material, quality of manufacture, reliability as to safety, caliber, detectability and utility for legitimate sporting activities, self-protection or law enforcement.</p> <p>The Board voted unanimously to approve the firearm in all the above-mentioned calibers as it meets the criteria stated in statute.</p>

21227	FK BRNO (FKBUS)	PSD	860002300 726 (7.5 FK / 10 MM / 40 S&W), 860002300 719 (7.5 FK / 10 MM / 40 S&W), 860002300 733 (7.5 FK / 9 MM)	7.5 FK, 9 mm, 10 mm, 40 S&W	05/10/2021

The Board examined a sample and received an oral and written report from MSP Firearms/Toolmarks Examiner. This firearm was submitted with paperwork stating it was a 7.5FK caliber, the slide is stamped 7.5FK, and 7.5FK ammunition was submitted to be test fired with this firearm. However, the barrel is 10mm Auto (as stamped). Due to significant differences in caliber, cartridge design, and headspacing, etc. and the inherent safety issues, this firearm was not test fired with the ammunition provided. The Board requested a sample with a 7.5 FK barrel to be submitted. Consideration of the firearm was based on the criteria established in Statute; concealability, ballistic accuracy, weight, quality of material, quality of manufacture, reliability as to safety, caliber, detectability and utility for legitimate sporting activities, self-protection or law enforcement.

The Board voted unanimously to table the firearm as it failed to meet the criteria stated in statute.
